This is a calling for translators, we want to support as many languages as we can, current pot file https://sourceforge.net/p/vbam/code/HEAD...wxvbam.pot and for gvbam

Â

To make a translation, go to Transifex:
https://www.transifex.com/projects/p/vba-m/ and update the translation there.

Â

One can also either use a text editor or use something called poedit
http://poedit.net/ please submit translations to this topic
